

Using My Most Ordered

Why?

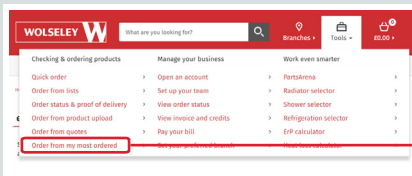

To save you having to search for your frequently purchased products, we've done all the hard work for you and created your own 'My Most Ordered' list. You can check live branch stock availability and view your personalised trade prices of your most ordered products – whether ordered online or in branch – in one handy place so you can re-order in less time and with less hassle.

Don't forget to share your 'My Most Ordered' list with the Buyers and Viewers who have access to your online account so that everyone can benefit. Lists are set as private by default

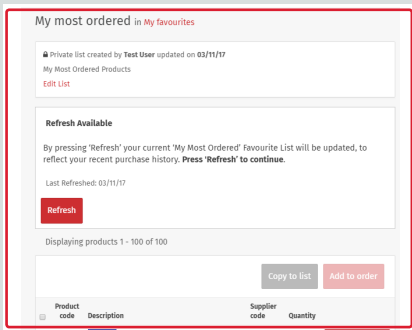

Available on mobile

1

Select 'My Most Ordered' from the 'Tools' drop down menu

2

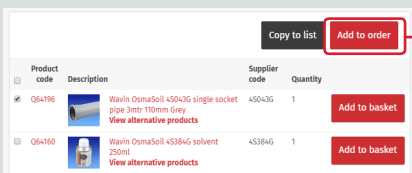

You can then personalise your list by making a copy, adding or removing products or re-naming it

The list then gets saved in your 'My Favourites' list area

Press 'Refresh' to ensure that you are viewing the most up to date list that reflects your recent purchase history. Don't worry, the original won't be lost-it will be saved in your 'My Favourites' list

3

Add products from the list, then proceed to the basket to order for collection or delivery
