

Contents of Box:  
 1 x Wash Basin Fixing Plate  
 2 x Nylon Bushings, 2 x M10 Flange Nuts.  
 2 x 55mm long M10 Bolts  
 (Optional 120mm length available separately)  
 Please Note: Fixing Screws and Wall Plugs NOT Included)

SinkFix® has specially designed nylon bushings that have four positioning points which can raise the wash basin for fine horizontal adjustment on each side by up to 5mm.

Quick Fixing Guidance	Brick	Block	Timber/Panel >25mm	Timber/Panel >25mm	Plasterboard Stud/Dot & Dab
Basin wall mounted or with semi pedestal	YES	YES	YES	NO	YES
Basin wall mounted with full pedestal	YES	YES	YES	YES	YES

**Important Please Note:**

Due to potential weights of washbasins, it is not recommended to secure a SinkFix® plate to plasterboard alone. If fixing to a plasterboard/stud wall, make sure you locate a wooden stud behind or for 'Dot and Dab' plasterboard walls, use suitable wall fixings.
